To Whom It May Concern

In late 2008 Angelo Pavanello assisted me to secure a lease on a property for my new business. I found Angelo to be very efficient and reliable. He was always contactable and returned emails promptly. He was very patient with a 'difficult to deal with' and frustrating agent and got the best result in the finish.

I would highly recommend Angelo Pavanello of McIntyre Robertson Scarborough Pty Ltd to assist with any lease negotiations in the future.
