Mr Andrew McIntyre
Director
McIntyre Robertson Scarborough
PO Box 421
MARLESTON SA 5033

Dear Andrew

I am pleased to provide a reference for McIntyre Robertson Scarborough (MRS) in relation to the services provided for the development of our new administrative and manufacturing facilities at Brodie Road, Lonsdale.

At the outset of this \$5m project we were relatively inexperienced in all facets of the property development process. From our initial meeting you were able to demonstrate an understanding of the property market and development process which provided us tremendous assurance and confidence as we ventured forward.

Your ability to work effectively with our senior management, external advisors and advisory board was of great assistance in planning for the project and establishing it on a sound commercial footing.

In selecting the building and services consulting team to design and deliver the project, your advice and experience was invaluable, with the team assembled delivering on the diligent and conscientious approach which you had indicated would be reflected in their work.

Based on our experience with this project, Redarc Electronics would have no hesitation in recommending the services of McIntyre Robertson Scarborough and would be happy to speak with any prospective clients on your behalf.

In summary, the team at MRS are good people to deal with, do what they say they are going to do and most importantly care about their customer's needs.

Yours faithfully
REDARC ELECTRONICS

ANTHONY KITTEL
Managing Director
